

## **Boat and Fishing at FDR Park**

- Hourly position to design and run small group boating and public fishing programs at FDR
- \$20+ per hour
- Flexible schedule, but weekend and evening hours required.

In 2021 FDR park launched a successful boating and fishing program, focused on sharing free on-water recreation with the many diverse communities of South Philadelphia. We are looking for a creative and energetic person with a love of youth and boating to help us design and implement a public boating program for 2022.

### Core duties include:

- Maintaining our boat fleet and fishing equipment
- Working to develop a program schedule and structure with FDR park staff
- Staffing public boating and fishing programs

This is a new and very flexible program; we are looking forward to working collaboratively to shape a program that fits the skills and interests of the right applicant.

Previous experience with public boating and ACA certification a plus.
